ALLEGATO C - CRONOPROGRAMMA DI ATTUAZIONE E PIANO DEI PAGAMENTI

Cronoprogramma delle attuazioni

Milestone	Descrizione Milestone	T0	12/2022	01/2023	02/2023	03/2023	04/2023	05/2023	06/2023	07/2023	08/2023	09/2023	10/2023	11/2023	12/2023	01/2024	02/2024	03/2024	04/2024	05/2024	06/2024	07/2024	08/2024	09/2024	10/2024	11/2024	12/2024	01/2025	02/2025	03/2025	04/2025	05/2025	06/2025	07/2025	08/2025	09/2025	10/2025	11/2025	Saldo	Costo Milestone	Agevolazione Milestone
M1	FIRST MILE A - Start-up di ITHINKBIO - Set-up of ITHINKBIO governance and management support Aim and objectives and management support of ITHINKBIO incubator, including establishment of ITHINKBIO headquarters; b) Key scientific/technological, thought leaders and collaborators identification, approach, scouting, skills, competences and capabilities, of ITHINKBIO Scaling partners, in order to set up effective research communities and to c) Key scientific/technological, thought leaders and collaborators identification, approach, scouting, skills, competences and capabilities, of ITHINKBIO Scaling partners, in order to set up effective research communities and to d) Key start-up/SME identification, approach, scouting, skills, competences and capabilities, of ITHINKBIO Scaling partners, in order to set up effective research communities and to e) Key gen z-driven talk (including only for R&D projects, Nomisma incubation, start-up acceleration, Issue of platforms, student grants, early-career researcher attraction, PPM hiring, research hiring; f) Key gen z-driven talk (including only for R&D projects, Nomisma incubation, start-up acceleration, Issue of platforms, student grants, early-career researcher attraction, PPM hiring, research hiring; g) Key gen z-driven talk (including only for R&D projects, Nomisma incubation, start-up acceleration, Issue of platforms, student grants, early-career researcher attraction, PPM hiring, research hiring; h) To define the Board members and audit committee (other Nomisma investors); i) To define the Board members and audit committee (other Nomisma investors);																																						2.113.002,39	2.113.002,39
M2	FIRST MILE B - Completion of start-up of ITHINKBIO - The scope of the milestone is: a) to implement open calls for R&D projects, Nomisma investors, start-up accelerators, research platforms, student grants, early-career researcher attraction, PPM hiring, research hiring; b) to implement open calls for R&D projects, Nomisma investors, start-up accelerators, research platforms, student grants, early-career researcher attraction, PPM hiring, research hiring; c) to activate the monitoring system for the quality assurance of research, planning and releasing Flagship projects receiving local contributes, a life-saving/long-lasting/wireless and useful/cheap; d) to perform all the activities needed to achieve the expected results as described in Annex I, according to the defined time plan (Gnatt of year 1); f) to define guidelines for the exploitation of (execution, technologies and digital/physical) arising infrastructures; g) to implement/activate the Knowledge Exchange Platform and activities and tools defined and																																						37.680.540,01	36.133.997,61
M3	FIRST MILE A - Start-off consolidation of ITHINKBIO - The scope of this milestone is to start the activities of the consolidation plan of ITHINKBIO. This includes: a) to define the current pipeline of projects and new studies (technology strategies, modules and tools for the co-valorisation of cultural sites); b) to have the first scientific publications in journals and new studies (technology strategies, modules and tools for the co-valorisation of cultural sites); c) to define the current pipeline of projects and new studies (technology strategies, modules and tools for the co-valorisation of cultural sites); d) to define the current pipeline of projects and new studies (technology strategies, the progress of new non-fungible and data-backed assets and NFT activities); e) to start activities of the new joint labs, open data and co-creation sites in collaboration with universities; f) to start activities of the new joint labs, open data and co-creation sites in collaboration with universities; g) to start activities of the new joint labs, open data and co-creation sites in collaboration with universities; The partner responsible of this milestone is associated entities specific issues of confidential and opportunity sciences, tackled at "disciplines".																																						19.309.351,67	18.544.000,00
M4	FIRST MILE B - Consolidation of consolidation of ITHINKBIO - The scope of this milestone is to consolidate the first scale-up of ITHINKBIO as a fully integrated and early-stage research centers, attracting them and private individuals and to carry on open calls and recruitment of young researchers together with PI activities. Specific objectives of this milestone are: a) to implement activities of the new joint labs, open data and co-creation sites in collaboration with universities; b) to implement activities of guidelines and best practices for technology, social business and guidelines for the exploitation of protected rural, for public engagement and implementation of pilot studies; c) Handling of Performance and Risk report on the creation of scientific digital models and on multi-temporal co-valorisation of delicate, Ecological Risks on Heritage (ecotheft); d) Handling of Performance and Risk report on the creation of scientific digital models and on multi-temporal co-valorisation of delicate, Ecological Risks on Heritage (ecotheft); e) Handling of Performance and Risk report on the creation of scientific digital models and on multi-temporal co-valorisation of delicate, Ecological Risks on Heritage (ecotheft); f) Handling of Performance and Risk report on the creation of scientific digital models and on multi-temporal co-valorisation of delicate, Ecological Risks on Heritage (ecotheft); g) Handling of Performance and Risk report on the creation of scientific digital models and on multi-temporal co-valorisation of delicate, Ecological Risks on Heritage (ecotheft); h) Handling of Performance and Risk report on the creation of scientific digital models and on multi-temporal co-valorisation of delicate, Ecological Risks on Heritage (ecotheft); i) Handling of Performance and Risk report on the creation of scientific digital models and on multi-temporal co-valorisation of delicate, Ecological Risks on Heritage (ecotheft); j) Handling of Performance and Risk report on the creation of scientific digital models and on multi-temporal co-valorisation of delicate, Ecological Risks on Heritage (ecotheft); k) Handling of Performance and Risk report on the creation of scientific digital models and on multi-temporal co-valorisation of delicate, Ecological Risks on Heritage (ecotheft); l) Handling of Performance and Risk report on the creation of scientific digital models and on multi-temporal co-valorisation of delicate, Ecological Risks on Heritage (ecotheft); m) Handling of Performance and Risk report on the creation of scientific digital models and on multi-temporal co-valorisation of delicate, Ecological Risks on Heritage (ecotheft); n) Handling of Performance and Risk report on the creation of scientific digital models and on multi-temporal co-valorisation of delicate, Ecological Risks on Heritage (ecotheft); o) Handling of Performance and Risk report on the creation of scientific digital models and on multi-temporal co-valorisation of delicate, Ecological Risks on Heritage (ecotheft); p) Handling of Performance and Risk report on the creation of scientific digital models and on multi-temporal co-valorisation of delicate, Ecological Risks on Heritage (ecotheft); q) Handling of Performance and Risk report on the creation of scientific digital models and on multi-temporal co-valorisation of delicate, Ecological Risks on Heritage (ecotheft); r) Handling of Performance and Risk report on the creation of scientific digital models and on multi-temporal co-valorisation of delicate, Ecological Risks on Heritage (ecotheft); s) Handling of Performance and Risk report on the creation of scientific digital models and on multi-temporal co-valorisation of delicate, Ecological Risks on Heritage (ecotheft); t) Handling of Performance and Risk report on the creation of scientific digital models and on multi-temporal co-valorisation of delicate, Ecological Risks on Heritage (ecotheft); u) Handling of Performance and Risk report on the creation of scientific digital models and on multi-temporal co-valorisation of delicate, Ecological Risks on Heritage (ecotheft); v) Handling of Performance and Risk report on the creation of scientific digital models and on multi-temporal co-valorisation of delicate, Ecological Risks on Heritage (ecotheft); w) Handling of Performance and Risk report on the creation of scientific digital models and on multi-temporal co-valorisation of delicate, Ecological Risks on Heritage (ecotheft); x) Handling of Performance and Risk report on the creation of scientific digital models and on multi-temporal co-valorisation of delicate, Ecological Risks on Heritage (ecotheft); y) Handling of Performance and Risk report on the creation of scientific digital models and on multi-temporal co-valorisation of delicate, Ecological Risks on Heritage (ecotheft); z) Handling of Performance and Risk report on the creation of scientific digital models and on multi-temporal co-valorisation of delicate, Ecological Risks on Heritage (ecotheft);																																						22.929.863,09	22.021.000,00
M5	FIRST MILE A - Start-off first assessment of ITHINKBIO - The scope of the milestone is the final assessment of the start-up plan and consolidation of ITHINKBIO plan. Specific activities are: a) to implement the assessment of the the quality assurance system of research activities and deliveries; b) completion of all flagship project activities as well as of Higher TRL; c) to implement the assessment of the the quality assurance system of PPM standards published, the researchers of Promethea published; d) completion of strategy for job placements (tenders); e) Definition of the plan of ITHINKBIO as the basis for consolidation;																																						19.309.351,67	18.544.000,00
M6	Criteria of assessment of the milestone are reported in Annex 1, tackled at "Impact". The scope of the completion of first assessment of ITHINKBIO - The scope of the milestone is the final assessment of the start-up plan and the validation of the consolidation with sustainability plan of ITHINKBIO. ITHINKBIO actions are fully implemented, as follows: a) all projects and activities of the flagship projects and portfolio have been financed by ITHINKBIO; b) all open infrastructures are open and fully operating; c) the sustainability plan of the Foundation has been defined and finalized; d) the governance of the Foundation has been defined and finalized; e) ITHINKBIO is receiving a series of contracts and partnerships and activities as a centre are assessed; f) an excellence brand as the one conceived, showing preferences of artists, catalogues, digital archives;																																						19.309.351,67	18.544.000,00
