The Selection Committee is responsible for the entire procedure of evaluating applications, preparing the minutes, and formulating the merit rankings.

The composition of the Committee will be published on the Accademia di Belle Arti "Pietro Vannucci" website at <https://www.abaperugia.com/category/bandi-e-concorsi/> after the closing of the call for applications.

#### **ART. 8 – SELECTION PROCEDURE**

The selection procedure will be carried out according to the methods outlined in Attachment 1 of this call for applications. The evaluation of the qualifications and the research project will be conducted by the selection committee before the selective test, according to the criteria and scoring methods specified in Attachment 1.

Admission to the PhD program requires achieving a minimum score in the evaluation of qualifications and the research project (Attachment 1). The score assigned by the selection committee will be published prior to the selective test at the link <https://www.abaperugia.com/category/bandi-e-concorsi/>.

On August 26th, 2024, an announcement will be published on the Accademia's website at <https://www.abaperugia.com/bandi-e-concorsi/> and on the Accademia's notice board ('Albo pretorio'), detailing the schedule for the test or any other relevant information concerning the selection. This announcement serves as formal notification, and no personal communications will be sent regarding this matter. Failure to attend the selective test will be considered as an implicit withdrawal from the selection, regardless of the reason.

To participate in the test, candidates must present a valid identification document. At the end of the selection process, the committee will prepare the general merit ranking, including only those candidates who have achieved a total score equal to or greater than the minimum qualifying score specified in Attachment 1. This score is the sum of the points obtained, respecting any minimum

thresholds, from the evaluation of qualifications, the research project, and the selective test.

Following the access procedures, the Director will approve the relevant documents or return them to the committee for any necessary adjustments or additions. Those who are favourably positioned in the ranking, as per the following Article 9, will be admitted to the PhD program.

After approval, the rankings will be published on the website at <https://www.abaperugia.com/bandi-e-concorsi> and on the Accademia's notice board (no personal notifications will be sent). Similarly, any further movements in the ranking and deadlines for subsequent enrolment will be published on the website <https://www.abaperugia.com/bandi-e-concorsi> on the dates indicated in the aforementioned act of approval. No personal notifications will be sent regarding these matters.

Winners who have obtained their qualification conditionally, i.e., after the publication of this call (but no later than October 31<sup>st</sup>, 2024), must submit the relevant documentation to the PEC address [abaperugia@pec.it](mailto:abaperugia@pec.it) within 15 days of obtaining the qualification and in any case no later than November 15<sup>th</sup>, 2024, otherwise, they will forfeit their admission to the program. The documentation related to the qualification, along with a valid identification document, must be submitted as a self-certification (or certification if the qualification was obtained in a country outside the European Union) and should include the name of the issuing institution, the date of qualification, the type of diploma, and the corresponding grade.

In the event of resignation or failure to enroll by an admitted candidate, the next eligible candidate according to the ranking will be admitted. formally assign the scholarships to qualified candidates.
